NIVID LTD

INTRODUCTION

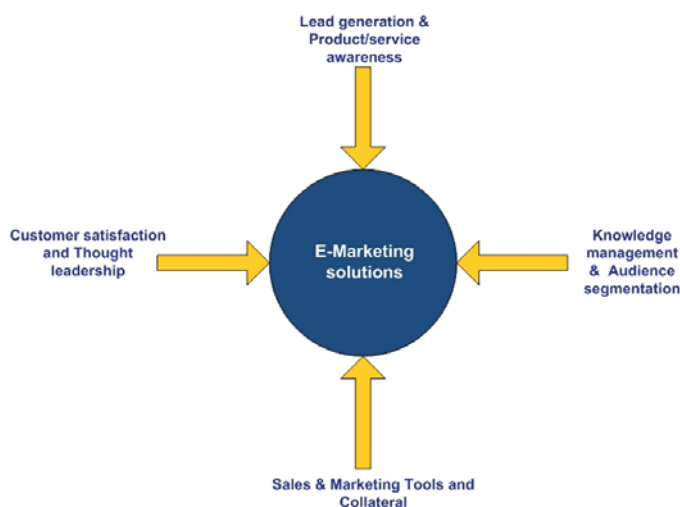

NIVID LTD delivers a dynamic combination of services and technology that enables businesses to rapidly deploy advanced business solutions that are integrated with every aspect of their business strategy and existing technical systems. Our E-Marketing solutions promote the development of new technologies, products, and services that improve how businesses manage technology, engage their customers, and develop their enterprise.

E-Marketing solutions consist of :

- E-commerce and Website design
- Fully integrated E-business model
- Search Engine Audit
- Lead Generation
- Internet Marketing
- PayPal Setup
- Website Usage Tracking
- Website Maintenance
- Website Hosting

Business of all sizes are finding that to grow and succeed in today's competitive environment they need access to communications tools previously available to only the largest companies. But one size does not fit all. That's why with our e-Marketing Solutions you are offered a variety of fast, reliable and affordable data and Internet solutions designed to meet the specific needs of your business. When you partner with NIVID to get you connected, you free yourself to focus on doing what you do best: running your business.

Quite simply, we provide online marketing solutions which are quick to deploy, very cost effective and take much of the pain out of the marketing process. We can help your business - whether large or small - increase traffic to your website, build online prospects and win new customers.

Our strength lies in our creativity, commitment, hard work and delivering on time, every time!!

E-MARKETING SOLUTIONS

NIVID LTD do not just provide online marketing applications as a solution but rather look at each client's project objectives, understand the process and develop an online strategy that will have the best chance of achieving these objectives.

The services we offer have been developed to compliment the applications we have developed and therefore provide our clients with an all round solution to their online marketing aspirations at a competitive price.

Snapshot of our online marketing services include:

- Creative html design
- Online research
- Website development
- E-mail marketing solutions
- Online questionnaires
- Website marketing
- Online media buying
- Opt-in email list rental
